ALUMNS VISIT

Thursday, October 15th, was "DISTINGUISHED GUESTS" day at the plant. The CSC Retired personnel came out, almost enmasse, to chat with former co-workers and to visit about the plant.

The most popular gathering spot was outside the Time Office building where benches had been placed in the warm October sun. The weather was perfect for the visit.

At noon the group went to the Terre Haute House where a delicious luncheon was served in the newly decorated parlors A-1 and A-2. The menu consisted of apricot nectar, meat loaf with mushroom sauce, whipped potatoes, asparagus tips, cherry gelatin fruit salad, soft rolls, creme de menthe parfait and coffee.

Following the luncheon, GENE SHOOK, Spirit photographer, took a group of pictures. (These pictures will be shown in next Spirit.)

The Alumns attending included HARRY W. MCNAUGHT, WILLIAM F. DOERR, HARLEY COTTOM, JESS HUGHES, J.C.FITZSIMMONS, J.P.SHOFSTALL, CHARLES LEON, WM. A. DOUGLAS, EDWARD J. MCNUTT, LUTHER MAPES, J.W.FONCANNON, JOHN BOROUGHS, JOE SHOFSTALL, HARRY HUNTWORK, LOWE BUSH, THOS. WALTERS, ANNA GEPNER, HERMAN KRIESCHER, WM. MYRTLE, JAMES JEFFERS and CLARENCE MALONE.

Those unable to attend included JAMES A. SMITH, BASS HIXON, ELZA WHITE, GEORGE KRUZAN, WM "DAD" BROWN, MYRTLE HATFIELD and GEORGE APPELL.

HIGHLIGHTS: BASS HIXON, misreading the invitation, thought the luncheon was on Friday, October 16th, so he was out finishing up some Justice-of-Peacing so he would be free the next day...HARLEY COTTOM, of Linton, brought his usual carload of women to town for a shopping spree, while he alumned. It wouldn't s'prize us to hear that HARLEY was elected Mayor of that town.He'd have the votes of all the ladies. A real guy!...J.W.FONCANNON drove down from Valparaiso for the occasion..."MAC" McNAUGHT, in congratulating "Grandfather" PERCY MILLER on the arrival of twin grandchildren, reminisced "When I was born I weighed only 4 pounds. The doctor told my mother to keep me in the sunshine."... One young lady in the office commented: "Those retired men are better looking than the ones working here."

NEWARK, NEW JERSEY PLANT NEWSLETTER "THE DRUM"

JACK GARBER, of Newark plant, deserves a big hand for the excellent newsletter he has been writing for CSC. It is a cleverly written, chatty, report of our friends in New Joisey. It is called "THE DRUM." MR. GARBER is an ex-newspaper man. HERB HERMANN of Newark tells us that Jack is editor, reporter, typist, mimeographer - the works, and adds "He works against terrific odds, as no one contributes a single thought - not even "DUDE" DOHERTY." All we can say is - you're doing a whale of a job, JACK GARBER, and please keep us on the mailing list.

SERVICE AWARDS FOR OCTOBER 1953

Sixteen stalwarts and one young lady received decorations of from 1 to 4 stars during October to indicate that they had complete from five to twenty years with our favorite speedboat dock.

The young lady, with five years of service is PATRICIA J. GARVIN of the south plant. Two-Star buttons were awarded BOBBY KEEGAN, LLOYD PIGG and RAY W. TALLEY. Three-star buttons went to WILLIAM H. BECK, R.PAUL WEBSTER. The four-star aggregation includes M. CORTHUM, CHARLES GRAY, ED HOLDEN, R. MARKLE, KARL PRICE, LEX RICH, HANS FISCHER, LOUIS GODSCHALK, H.W.HYLTON and T.W.PLIMMER. FRED DUDLEY also celebrated his tenth year with Solvents and received a two-starred insignia.... GILBERT GRAHAM received a belated award. His 15 years was celebrated in Sept.....

SUPERVISORS WIVES VISIT PLANT TUESDAY

There must have been poor pickin's at dinner in the homes of at least 12 supervisors Tuesday nite. Their wives came to see the plant at one-thirty, and most of them were still here after five o'clock. GEORGE HINES welcomed the gals and briefed them on what they were to see in the plant. Then the group was divided into two parts - half of them under the guidance of P.J.MILLER, the other half with BOB SMITH. The wives, who spent the afternoon with us, included EULA WEBB, AGNES BURROFF, MARY FINCH, MARTHA FRIEND, ILA HUTCHINSON, MARGARET JARVIS, BARBARA LEMP, JUNE MACARTOR, MARY TISLOW, ADALINE JOHNSON, LEE BARTH, JEAN HUBBARD. He keeps forgetting his riders...If anyone sees CHUCK "Springalong" RING, you will know he has been sleeping on the springs following a small fire...CLASSY,PAUL SHAW, is the guy in the animal house with the new shoe strings...

DR DE SEARCH

The WALTER GERARDS spent two days in Evansville. Ambitious WALT helped his brother-in-law add two rooms to his house...OLEDA GOLDHARDT and husband,GENE, enjoyed the Ice Revue at Indianapolis...MURN LAW is a happy grandmother. A 5# 4oz girl named MARYANN, born to her daughter October 13th, was a happy occasion for Grandmother Murn. She called PERCY MILLER to tell him she had a granddaughter. PERCY came back with "Only ONE? " He's been seeing double ever since he became the grandfather of twins.

DR. WM. F. PHILLIPS gave an interesting account of his vacation. He and the family visited Monticello, Jefferson's home place at Charlottesville, Va. They were fascinated with Williamsburg which is undergoing a period of restoration. Old homes are being razed, then rebuilt along colonial lines. They went thru the British Governor's mansion. Dr. Phillips had a chat with former CSCER, Dr. TRESNER via telephone while in Williamsburg...

The trio, BACHMAN, MIESCHER & SHURTER,attended a bio-chemistry meet at Madison, Wisconsin, October 15th & 16th...PAT ALLEN returned to Research after a week of "resting" around home which consisted of painting the kitchen...MARTHA & BUD PARKER will be enjoying the Ice Revu one of these nights....

Dr. CAMPBELL reports that he, Wanda and Dori spent their vaca. getting high - Mt. Mitchell, 6,643 feet; Smoky Mountains, New Found Gap and other points above 5,000 Ft in the Asheville, N.C. sector. Wonderful scenery and much autumnal coloring all the way down and back. This change from high to low altitude seems to interfere with his working... DR. STYLE SHOW A SUCCESS

From the applause which greeted each model at the Deming Ball room last Thursday evening, the CSC Fall Style Show was a terrific success. MEIS FASHION FLOOR personnel had again literally knocked themselves out to make this the Best Show Ever. The lovely suits, coats, dresses and accessories were a delight to see.

Much credit goes to MRS. MARTHA GRAY (secretary to HANS FISCHER) general chairman,who selected models in a range of sizes so that everyone could "see themselves" in the newest autumn finery.

A quartet of youngsters set the pace for the show by modeling clothes from the Children's Department at MEIS. These adorables included VICKIE IRENE, daughter of VIC CAMPBELL (Instrument shop); PENNY, daughter of RAY HIGGINS (electric shop); DOUGLAS, son of VIRG HAMELMANN, (order department) and KENT, son of "DUKE" TAYLOR (So.Plant).

The adult models included MRS. RAY FULTON, MRS. CATHERINE SHOOK, MRS. ANN RAY,MRS. MARY HERT, MRS PEGGY OESCH, MRS. ALBERTA SIDENBENDER, MRS. MARTHA HASSMER, MRS. BARBARA SCHAFF, MRS. MABLE RODGERS and MISS LOIS ANN ROTH.

The program included organ music, community sing, special music by MRS. WM. LOBB, soprano,and the distribution of door prizes by MRS. MARJORIE SISSON & PATRICIA BURCHFIELD. MRS. ALICE TARRH was organist; MRS. LOBB in charge of music; MARTHA I. SWANSON, narrator.

Souvenier programs, dreamed up by MARTHA GRAY & COMPANY,were most clever. A great deal of art work went into the coloring of the lady's gown on the cover, and in her hat she had a real feather. Very, very chic:

RECEPTIONISTS: MRS. THELMA KELLY, MISSES ANNA E. GEPNER, NANCY LEE, MARY O. DONHAM and MRS. STELLA B. WRIGHT. HOSTESSES FOR COFFEE HOUR: Misses BEULAH WARD, CATHERINE UPMAN, LORENE WARD, CAROLYN MEADOWS, SHIRLEY HAMELMANN, LUCILLE WYKOFF, DORIS ANDERSON, BETTE MCCULLOUGH, NELLIE HARDING, NORMA WALTZER, Mesdames CHARLOTTE EVERLY, DOROTHY BROWN, MARY FRANCES GRAHAM, MERTIE MONTGOMERY.

SALUTE TO DR. HEPNER! IMAGINE BEING MENTIONED BY WALTER WINCHELL!!!!

A very handsome and interesting book was received by several CSCERS, written by our Dr. H.W.HEPNER and entitled "THE BEST THINGS IN LIFE." WINCHELL salutes it with "THE BEST THINGS IN LIFE" which some literati believe is another "Peace of Mind" arrives on the 13th."

CSC HAS ATTRACTIVE FLOAT IN FIRE PREVENTION PARADE

As usual, our Company went all out for Fire Prevention Week. We were represented in the parade last Saturday with a very fine float boasting some of CSC'S fire fighting equipment. An interesting backdrop, painted by versatile JOE ROMAN, was used as a background for a great little blond guy, 4 year, BOBBY NILSON, son of the W.R. NILSONS. Behind him was written the legend "Remember, I'm not fireproof." "Fire Chief" HUGH WILKERSON, complete with big hat, clanged the CSC bell; WAYNE PLIMMER drove the truck; his attractive daughter, SHIRLEY, and dog,CORKY alias SPARKY, added much interest.

BLOOD DONORS FOR RICKEY FOX and BARBARA MILLER STEWART

If you ever lose faith in the human race, sit in on a call to CSCERS for blood donors. On Tuesday an announcement was made at Safety meeting that blood donors were needed for little RICKEY, son of "LEFTY" FOX. Within minutes word had spread and TOM OSBORN and ART CLEMENTS were enroute to Union Hospital. At the plant PATRICIA MCCLURE, JOHN LEMP, JIM STAGGS and EARL PIERCE (government gauger) were standing by. The added boost which Rickey received from the blood enabled him to take a healthy interest in his breakfast next morning.....DALE KIRTS and BOB JARVIS answered the call for blood donors for BARBARA STEWART when the twins were born. CECIL CARR stood by. THANKS,much.

DOUG RILEY IS "MR. FIRE PREVENTION."

As a special gag during Fire Prevention Week, a mystery man was named "MR. FIRE PREVENTION," and you know who that was, don't you? Mr.DOUG RILEY, supervisor,Dextran. He wore a red tie and walked about in the downtown area. MARY MAGUIRE, twin sister of our MYRNA MAGUIRE won for herself a nice prize by walking up to Doug and saying, "Are you Mr. Fire Prevention?"

A CSC ENGAGEMENT

MISS ROSEMARY REED (Purchasing) received a very beautiful Orange Blossom solitaire last week from JOHN KOSEWICZ. JOHN has been on lend-lease to the Thermatomic plant at Dixie for several months. Our best wishes for happiness to two grand people...

DUE to lack of space announcement of new Stork Club members, sports and other items of interest will be shown in next Spirit newsletter. THOUGHT FOR TODAY:"CRITICISM is something you can avoid by saying nothing, doing nothing and being nothing."

LETTERS FROM OUR PUBLIC & MILITARY

GORDON C. INSKEEP, Associate Editor, Chemical & Engineering News, Aldwych, London

"...Early this month I was in Liverpool and called at the Speke plant of the Distillers' Company. As you remember, the Distillers' Company in collaboration with the Ministry of Supply built a penicillin plant there modelled after the Terre Haute plant. A group of the Distillers' people were in Terre Haute in 1944 to observe the CSC operation. Since that time most of this little group have left the Company but I did manage to see again Gilbert Corie...

"Although the Distillers' Company has made many changes (and has not the CSC?) the basic design of the two plants is very similar. In the course of my visit I went through the Animal House and observed some very fine white rabbits. All of these are descendants of the first CSC group which was flown by bomber to England during the war. The man in charge told me that the rabbits had won a number of prizes here in this country.

"The Inskeeps are enjoying this European assignment immensely. We found a nice place to live just 20 minutes from my office here in London and our little boy is in school nearby. Cora and I have managed to take a number of trips to the Continent. One of our most interesting was a three week visit to Scandinavia in August attending the meeting of the International Union of Pure and Applied Chemistry. This was almost Old Home Week in view of the fact that over 150 Americans were attending the Conference...."

EINAR SISSENER, Room 222, Graduate House, M.I.T. Cambridge, Mass.

"....I have had a lot of luck and I am now well installed in the Graduate House. It has not taken me long to find out that this M.I.T. certainly not is any rest home - however I am still living in the hope that I will survive....My best greetings to all my friends at CSC...."

A/2C BILLY L.WEST, AF 16407433, 1500th Airtraffic Sq Box 49, APO 953 % Postmaster, SanFrancisco, California

"..I am in fine shape, still flying, not doing much but waiting on my wife to come where the rest of the family is staying for only 21 more months...The Spirit today was really full of news. First off I want to extend my fullest congratulations on GENE SWALL'S return from the enemy. Believe you me I can imagine how his folks were feeling for a while but now that he is home the world gets brighter all the time. Tell GENE I said hello and to be careful. We may have to unload a few box cars soon.

"More great news was that Mrs. Marvin Stewart had twins. Congratulations to both of you....To PERCY MILLER, Grandpa, congratulations. That calls for two 25¢ cigars when I get back and I won't forget. Everything is sunny in Hawaii..."

ROBERT E. SCHEEFFER, EM 3/C, 4243855 E division, USS PHILIPPINE SEA CVA47, FPO SAN FRANCISCO, CALIFORNIA

"...I will soon be released from active duty with the navy. I did not have the opportunity to work but a few months at CSC before becoming a service man, but I enjoyed working there very much and have made many friends there...Hope to be home about December first to fifteenth...Best regards "

PVT JOHN W. FISHER US 55359188, Box 13, APO 309, %PM SanFrancisco, California

"...After three months of continuous moving, I have finally settled down to a permanent base. I am stationed in Japan at Camp Crawford, Hokkaido. It is a 1st Cavalry Base but I am in the XVI Corps Military Police. I am a desk clerk at the Stockade for the time being. I always tho't CSC was the safety place to work. Now I know it. One million man-hours without a lost-time accident is surely swell.CONGRATULATIONS."

PLANT NEWS

PENICILLIN ANIMAL HOUSE

ADRIAN RUSSELL is one of the late vacationers. NELLIE HARDING baked a fine birthday cake in honor of BEULAH PAIGE'S birth anniversary. Some unknown person furnished a paddle which remained unused. JUANITA SCOTT was one of the early visitors to Brown County...JOAN SLONIKER has taken up city life...

PENICILLIN PACKAGING, SOUTH PLANT

GEORGE KINTZ is prepared for short days ahead. He left the plant the other night carrying a lantern...EMMETT LOVELESS was sick-listed for a day last week...ETTA MAE JACKSON has resigned. She has decided to stay at home and cook up delicious meals for her CSC husband, CARROLL LEE...BILL LOBB and GEORGE KINTZ are curious about why Chicago is so interesting to PAT GARVIN.... It has been proved that as much energy is exerted in a day's work by a stenographer as that of a ditch digger. To verify this fact, one might consult LUCILE WIKOFF who has been trying her hand at both jobs ...The pretty, shiny, black Chevy has FLOSSIE SPEARS at the wheel...With the return to the old fashioned time, RALPH HOLLINGSWORTH probably feels like he's coming to work at noon...PAUL GIBSON has a new heart interest at the south plant...The bright spotlight at South Plant is the lovely diamond adorning the finger of LELA MYERS... HARRY ROTH is now sporting a new Pontiac...MACK MCCULLOUGH wants either a chauffeur or some driving lessons...Maybe a backseat driver would be helpful in BILL PRICE'S case. It would be easier on the telephone poles...MERTIE & ESTHER are top authority on who the guy was in the Illinois car..

SALES PROMOTION ITEMS OF NOTE

"DARE DEVIL IRA" he is knowed as these days. Never having driven a car before, he ups and buys one. A few driving lessons and he's on his own. He followed Marguerite "Barney" IRWIN to and from work a few days just to get his bearings. On Monday tho, "Barney" was clear down to 19th & Hulman before Ira was out the gate.
2nd Day: "DareDevil" gained a little speed and was right behind "Barney". When she turned at 19th he was so intent on watching her car that he didn't see the oncoming jalopy and just missed a telephone pole.
3rd day: "Barney" stopped to mail a letter at 17th & College. DareDevil decides to go on and runs a red light.
Children, the moral to this story is: watch out for a guy running a dark gray '49 Plymouth.
Repentence: All kidding aside, Ira, we have a lot of confidence in you and that someday you'll be a good driver, we aint got a doubt.

MARY O. DONHAM came back from a week's vacation to find her desk piled high..CAROL PERKINS has been welcomed to the Addressograph Department. She attends Indiana State in the morning, and works for CSC in the afternoons.

SPECIALTIES, PLANT 3

Mrs. BARBARA BAUER left East Plant to become a dental assistant...BETTE MCCULLOUGH will soon take Barb's place with the bowling league every other Wednesday...The ladies favor the Yanks to win the world series...JEAN KRACH is wearing a class ring which might belong to a Marshall, Illinois redhead...BETTE MCCULLOUGH was one of the hostesses at the CSC style show.

DEXTRAN LABS

Sorry to lose JIM SMITH, DALE JOHNSON, DANNY PESTOFF, HOWARD DAVIS and TROY RICHEY. We will miss these fine workers and good fellows. DAVID DAVIES is no longer cutting Dextran but is learning to be a scatterbrain under the tutelage of JACK "good teacher" CHURCH...JIMMY JEAN now works days preparing clinical solutions...TEX MORETZ takes over on weekends...Two BILLS, Glass and Collenbaugh, shift together rotating and cutting...RONNIE PRATT and ART CLINGERMAN are our other spinners in that lab.... BILL FOGEL is plotting - plotting with least squares, that is...Former scatterer, NORM CARLSON, is helping. BILL is also doing some off-time moving with JIM JEAN planning to take over the former Fogel residence. **This week's question: Who put the hole in the KUNES living room ceiling???**

HENRY NIESCHLAG CONTRIBUTES THE FOLLOWING GEMS

Actually, the so-called weaker sex is the stronger sex, because of the weakness of the stronger sex for the weaker sex.....Biography of a four-time widow. She first married a rich man, then an actor, then a preacher, then an undertaker. One for the money, two for the show, three to make ready and four to go....A vacation is just a matter of 2's. 2 weeks are 2 short, but when you get back home you are 2 tired 2 go back 2 work and 2 broke not 2.

DRESSEADRGD

MARILYN DEVITT and husband left for a New York vacation, October sixth...It was an Oklahoma jaunt for Mrs. Jeannie Wagner and daughter, Doris. Fort Sill was a Must on the list due to Doris' husband, Pvt. George TALLEY being stationed there.. .....LAWNIE WAGNER was confined to sick bay one day during their absence.

DR. CHARLES HINZ has turned interior decorator. In his spare time he is painting his apartment..."KNUTE" JOHNSON has been a recent Loafer...The miniature farm animals which adorn the desk of Dr. KLUSSENDORF now total twelve. The newest additions are a pituitary dwarf cow which he found in Madison, Wisconson; a miniature deer from Toronto, Canada and a wooden horse of Troy which he acquired while in Atlantic City. The cow and deer are ceramic. DR. KLUSSENDORF and TOM POTTER (now of N.Y.) report that the F.D.A. in Washington was much impressed with the film "This Little Pig Went to Market" when the film was shown there September 22nd.

DR. PHILLIPS, PEG and MARY FRANCES are headed toward Richmond, Virginia via the nation's capitol, Sky Line Drive, etc...A key was found in the parking lot recently which looks like a padlock key. Anyone losing such an article may find it on the Research bulletin board...Dr. & MRS. HERB WEHRMEISTER have returned from Scotland where they spent their honeymoon...ART, WANDA and DORI CAMPBELL headed for Asheville, North Carolina on their final week of vacation...

DR. B.L.LUBIN has been confined at home, with one day's jaunt in the hospital, due to a strange virus... MRS. LUBIN'S mother was seriously injured while visiting in Israel this summer. MRS. LUBIN flew there to be with her. It's almost inconceivable, but you can leave the USA and be in Israel in just 20 hours time - thanks to modern transportation. The Lubin children spent the summer in a camp in New York State, but they are all together in Terre Haute again, now. Life is returning to normal - just as soon as Bernie can shed the bug....

MYRTLE & HOMER MITCHELL ARE TVing. No wonder MYRT looks sleepy and peekish...ART CLEMENT'S vacation was mostly consumed with breaking in a new television set via the World Series route. If the Dodgers win enough games, ART will take the second week . But since the Dodgers didn't win enough games, ART is back here CSCing...

WM ROLKE and family, which includes a spanking new baby, left CSC to join the Minnesota Mining & Manufacturing Company in Minneapolis...JERRY and VIRGINIA WAGNER have gone to St. Louis. JERRY will be working for Western Cartridge Company at East Alton. Could be that his love of guns prompted the move...Recent first-floor additions are TROY RITCHIE, "SMITTY" SMITH and HOWARD DAVIS...Glad to have BETTY CROCKETT back after a leave of absence due to illness...

AUSTIN MANHART was so relieved when Governor Warren was finally made Chief Justice. He said every time the phone rang - before this appointment was made - he'd get nervous thinking it was Washington calling....ART LUKEN wants the Solventeers to know that he has tickets to Community Theatre. The first offering is "Bell, Book and Candle"

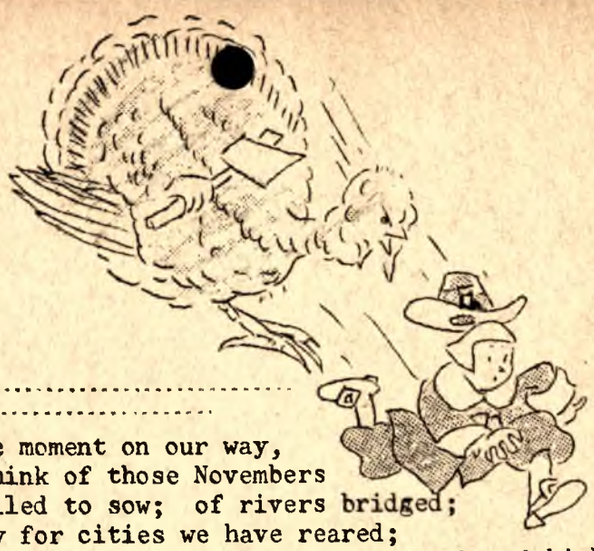
WELL IF IT AIN'T NOVEMBER AGAIN!



PILGRIM ANCESTORS - Shall we not pause one moment on our way, as we make joyous, carefree holiday, to think of those Novembers long ago? Of stony ground the Pilgrims toiled to sow; of rivers bridged; of tangled forests cleared to pave the way for cities we have reared; Of schools and churches built; of brave lives spent, for liberty and faith and high intent; shall we, whose blessings are so richly poured, forget to say a simple, "Thank you, Lord"?

SERVICE AWARDS FOR NOVEMBER 1953

Twenty-one members of CSC varsity were given service awards in November. In the four-star division are ELMER BROWN, FRANCIS COLLINS, HOWARD DENGES, GEORGE HUTCHINS, R. KINDLE, RALPH MCGUIRE and J. RESEARCH

BETTY HUGHES ON RESEARCH NEWS

MISS JEANNE FINDLEY has joined Research stenos and is working for Dr. MATTESON... When two salesmen from Monsanto Chemical drove their Chevy Corvette to Research Building, they found MR.CARSWELL a willing passenger. He also got behind the wheel and took a five-minute trip....Recent CSC visitors from New York included DR. WOOD, J.V.O'LEARY, G O.LINES, DR MULINOS, T.P.DEFARKUS, T.R.CALLERY.

DR. HIDY has returned from a business trip to New Orleans..."DOC" PAGE is now a gentleman farmer south of Terre Haute...MURN LAW'S daughter, BONNIE MAE and son, DOUG, are visiting here from Rhode Island...MYRTLE MITCHELL found the first floor lounge strewn with uniforms from the laundry bag. MURT had an inkling who did it, so when the gals arrived, the uniforms were already in the laundry bag but their locker doors were knotted and tied with rope....

JUNE WHITE, daughter of MYRTLE MITCHELL, was married to "Private Eye" JAY D. STUDE-BAKER, Monday evening, November ninth at the home of Rev. McCurry. Wedding dinner was served at Louise's. The newlyweds are both employees of the Cleveland Detective Association...ROBERT B. WALTERS, B.S. Purdue, 1949, came here last week from Shell Chemical in Houston, Texas. There is a wife, HARRIETT, and daughter, GRETTA. The WALTERS are now living in the recently remodeled Hilton home on Springhill Road...

Ten dollars takes a Philco 12-tube radio, console type. See HOWARD DAVIS, Ext. 309. A very interesting four-column picture appeared in the Tribune recently featuring Mrs. HARRY SLATIN and children DONNA LEE and STEVEN. The picture was made at the Fairbanks Library.

DR. EDWARD CHEN of Tzinan, China was featured in the Saturday Spectator. Dr. CHEN joined Research Engineers, November 2nd. He received his bachelor of arts degree in chemical engineering at the University of Nanking in '45; for two years after his graduation he did graduate work at the university and was also an instructor. He received a scholarship to the University of Pittsburg where he earned his master's degree. He received his Ph d from the University of Missouri in '52. CHEN'S father is a university professor; his sister teaches in a junior college. ED'S hobbies are classical music, astronomy, reading. He has also resumed study of piano with Anna Hulman. He lives at 2621½ South Seventh Street.

MICROBI BOWLING TEAM CAME THROUGH WITH THREE MORE GAMES, NOV. 11th. Other news -

BOB SHURTER has just returned from a trip to New York and Boston. He felt real lucky getting a flight back as the airport was cancelling afternoon flights due to bad weather...

(ACCIDENT.

SAFETY POME BY BUTCH NOTTER IN CELEBRATION OF MICROBI'S 574 days WITHOUT LOST-TIME

There was a guy who knew it all. With his eyes to the ceiling he had a fall. The safety book with all its rules is made for those that are such fools.

For those who climb on precarious boxes, cannot be called "sly old foxes." The safety book with all its laws is made for them who have some flaws.

Our plant record is right fair. With everyone's help we'll get somewhere. So pitch right in and do your best. The safety book is not a guess.

Although this poetry ain't so good. Being safety minded is no pood. But try your best, when and where. The reward is later - you know - up there.

CHEMICAL PILOT PLANT NEWS

EARL WRIGHT was presented with his 15-year CSC pin, Friday, November 13th by Dr. B.L.Lubin. This event was held at the Chemical Pilot Plant in the presence of the day shift...BOB CLEMENTS has deserted the C.P.P. for the South Plant...ALFRED JOHNSON is replacing BOB CLEMENTS AT C.P.P. PENICILLIN FINISHING

The following persons were welcomed to Penicillin Finishing - BETTY KNAPPER, CHARLOTTE M. FRANCIS. RITA SCOTT and EUGENIA WRIGHT. NORMAN COUCHMAN was recently transferred to this department...DOUG RILEY is the new supervisor. He came to us from Dextran.....BOB BYERS is on a two-weeks' vacation getting acquainted with his new son....DOROTHY KISNER, RUTH PROVENCE, MARY HEDDING and RUBY TUCKER are the new filling line inspectors....Not even a rabbit's foot has been seen around here and quite a number of the men "say" they've been hunting...NORMA WALTZER was quite pleased with the private office the Q.C. girls fixed up for her last Saturday. Anyone wishing an interior decorator, contact the WERDNA ELLIOTT-SHIRLEY LEE organization. Where was MARION TISLOW when the lights went out? After all, MABEL RODGERS didn't know he was in cold storage. MARION better take up whistling or warbling...

SOCIAL SECURITY ITEMS. CHECK YOUR CREDITS

It is to everyone's advantage to check with the Social Security Administration to make sure he is being credited with the proper amounts for the full period of his service.

Benefits under the Old Age and Survivors Insurance Program are based on earnings. If the individual's earnings aren't properly recorded, he may fail to get the full benefit he's entitled to, or the records may not show that he has sufficient "Quarters of Coverage" for him or his survivors to qualify for Social Security Benefits at all.

After receiving Form OAR-7004, the Social Security Administration will send back a statement of the employee's earnings which he can compare with his own records. If there is any discrepancy, he should complete and send in form OAR-7008. Mistakes in account records can be corrected only within 3 years, 2months and 15 days after the end of the year in question.

The Social Security Administration recommends this check be made annually with them.

The form OAR-7004 can be obtained at the Federal Security Agency in the Postoffice building or at C.S.C. Time Office.

TERRE HAUTE MINISTERIAL ASSOCIATION TO VISIT C.S.C.

The T. H. Ministerial Association will tour Commercial Solvents Plants No. 1, 2 and 3 on Monday, December 7... A morning tour has been arranged of Research, Penicillin and Penicillin animal house, after a talk and group discussion in the Seminar Room... Following a luncheon at the Terre Haute House, the group will visit the South and East Plants, concluding the day by seeing the main plant production areas.

No man is a hopeless fool until he becomes so smart that he thinks it no longer necessary to ask questions.

VISITORS AT C.S.C.

The following groups have recently toured the plant. "Give a Gift" Club of Casey, Illinois; Posey Township Home Economics Club of Clay County; Community Unit School of Chrisman, Illinois.

A lie travels around the earth while the truth is putting on its shoes.

SOUTH PLANT PENICILLIN

Congratulations are in order for EDITH SOUTHWOOD who is proudly wearing a beautiful engagement ring.....BETTY SOMERS and BETTY MONTGOMERY have left C.S.C. to devote their full time to Home-Making..... We welcome JOYBELLE JEAN and HOPE MEYER to C.S.C. These girls are sisters and JOYBELLE's husband is in service..... Since RUTHIE GREGGS is on vacation, the BRASHIER TWINS, NELLA AND NINA are carrying on her duties. These girls are so identical that DORIS ANDERSON is having difficulty telling them apart and the only time that she can establish identity is when they smile. Let's hope that the going doesn't get rough for them, for if they stop smiling, DORIS might pick the wrong gal..... .Leave it to LAURA BELLE STILWELL to "gum up the works" when thingsaren't moving along as they should; however, we do believe everything is working out fine for her now..... ERMA TRYON is visiting her brother this week-end, at Fort Knox, Ky..... ORVAL SISSON displayed some very interesting pictures that he took while visiting his son who is in service at Fort Leonard Wood, Mo. We know he has a right to be proud of them, too.....ESTHER RALSTON has moved into town for the winter. Can't say that we blame her, for who wants to leave home at 5:30 A.M. in order to get to work at 8 A.M.!..... Congratulations go to the employees at the South Plant for their cooperation in the RED FEATHER DRIVE, which we believe was nearly 100%.....We are glad to have the following girls with us from the East Plant; LEOKA BOYLE, SARAH JOHNSON, JEANANNE KRACH, HELEN BLANC, ERMA STEUERWALD, MARGARET GASAWAY, and DOROTHY VERBONITZ.....

DEXTRAN

JACK LOWDERMILK and RAY CRICHFIELD were on a rabbit hunt. JACK shot 27 times batting average 0, RAY 10 shots and 6 rabbits, three of which he gave to JACK....By the way the boy from the outskirts of Bowling Green talks, you would think he was a second Sarg. York, but when it comes to the show down--well you know how some guys can brag.....We understand the people around Carlisle are afraid to let their children play out side now, they think a revolution has started since JACK and RAY were down there hunting.The rabbits were so scared that one jumped in JACK's hunting coat to hide. JACK said he felt sorry for the poor little thing so he turned it loose. JACK says, nobody would believe me anyhow.....Question of the week: Which shift superintendent likes to park in bus stop zones.....

NOTTER'S NOTHINGS (MICROBI)

With C. BRIDWELL's bragging on rabbits killed, we never see any rabbit fur in the alley. Just chicken feathers.....How R. BOLLING drives so many different cars, of an evening and on weekends.....Why do they put throttles on JIM CONLEY's car.... PAUL WEBSTER(mistaken identity)perty near celebrated his 15th year at CSC with RAS buying cokes for the crowd, but PW reminded him -" 13 years no pin." C.FOOTE told RAS to save his money for CFs 20 year celebration coming up soon.....

WITH DEEPEST SYMPATHIES to MRS. FRANK LATTA and Mrs. Olin Manhart (Dixie Plant) in the death of their father.....

RESEARCH NEWS

DAVE READ and family began a one week vacation in Kalamazoo, Mich., last of Nov..... JOE PENSACK gave a talk in Washington D.C. at the recent antibiotic symposium meeting held there.....TOM ASPITARTE and family enjoyed a reunion in Kirksville, Mo. with relatives on a recent train trip south.....STELLA MARKOWICZ began a one week vacation Nov. 30th, she plans to relax at Clinton, Ind.....On Nov. 24th the Latvian Trio appeared for their 3rd year at the First Methodist Church in Brazil, BETTY HUGHES was happy to hear their concert again..... A new pamphlet out "Expandex, a Plasma Volume Expander" by Dr. KLUSSENDORF, Director Veterinary Medical Services at C.S.C. carries much valuable information of the value of Expandex in the veterinary field. Clinical reports were submitted by Drs. A.A. Case of the University of Missouri School of Veterinary Medicine; R.W. KIRK, of the New York State Veterinary College at Cornell University; D.C. MAPLESDEN, of the Ontario Veterinary College, and G. H. McCHESNEY, Practitioner, of Rome, GA. All reports were favorable. We were sorry to learn of the death of ART CLOUGH's step-grandfather, Wilburn Henshaw of Darwin, Ill. on Nov. 25th..... We of Research were also saddened by the death of Martha Swanson's father on Thanksgiving Day.

RESEARCH DR. CAMPBELL REPORTING

CSCers received a big spread in the Nov. 21st'53 number of Chemical Week when the new $20 million expansion at Dixie was officially opened. The article is entitled "T.V. Tour - New Sales Pitch". The opening picture shows Prexy WOODS, researcher LEONARD A. (Casey to us) STENGEL and VP TOM CARSWELL before the television cameras. another picture showed FRED DUDLEY and BOB HARKER televiewing the production. According to Chemical Week this plant opening via TV was something unusually new and really good.....The TV show must have been exhausting as CASEY took off for a New York vacation immediately thereafter..... ..ART MEIGHEN found that Nor'way Car Wash laundered his shirt satisfactorily after he dumped anti-rust compound down said shirt front via the pocket!... What was the original color ART?

ENGINEERING DEPARTMENT

The Engineering Division said "farewell" to WORTHIE RAUSCHER on November 13. WORTHIE is entering the Air Force on December 5 and will be stationed at San Antonio, Texas. We are sorry to lose him - but looking forward to his return in four years... We are happy to extend a welcome to CLAUDE ACREE who has joined this Division since his return from Dixie.....Nice to see the face of BOB COWHERD back again after his long stay in Dixie.

COMMERCIAL SOLVENTS METHANOL APPEARS IN PRINT

A recent article, entitled "Safety Cans are Costly - Proper Use Can Net Savings," in an Illinois Industrial Magazine included a picture of a technician filling a safety can labeled methanol. In this picture appeared a drum with Commercial Solvents Methanol printed on the head.

DON'T LET YOUR CHRISTMAS TREE BE FIRE HAZARD

(Pin these warnings on your kitchen wall)
If you get a tree early, it's a good idea to keep it standing in water, the longer, the better...
Buy a tree that has been recently cut...Slice off the end of the trunk diagonally at least one inch above the original cut end. Stand the tree in a container of water and keep the water level above the cut surface so long as the tree is in the house. If the tree is not to be set up for several days, it should be kept standing in water in a cool place.

If started in time, this treatment not only will prevent the needles from drying out and becoming flammable, but it also will keep them fresh and green.

When you stack aYule tree in a room, take a good look at all electrical connections. There may be an exposed wire. If so, fix it....Avoid accumulation of combustible decorations on or beneath the tree. Place the tree so that its accidental burning would not ignite curtains or other combustible furnishing.

CALLING ALL PARENTS

Below are a few timely suggestions on handling youngsters which were given by a police chief. 1. BE SURE TO KEEP EVERY PROMISE YOU MAKE TO A KID. 2. SHOW A YOUNGSTER YOU ARE INTERESTED IN HIM. 3. GET A BOY OUTDOORS. He'S BETTER OFF HOLDING A FISHING ROD THAN A POOL CUE. 4. TEACH A BOY THAT A POLICEMAN IS HIS FRIEND AND ISN'T OUT TO PERSECUTE HIM. 5. EVERY BOY IS INTERESTED IN SOMETHING. FIND OUT WHAT IT IS AND GUIDE HIM ALONG THOSE LINES.

MANY THANKS TO MARJORIE SISSON & AND BOB SMITH (TIME OFFICE) who worked on this issue of the SPIRIT, inc.,picture page. Also the Editor wishes to thank everyone for the beautiful flowers, cards, calls and many, many thoughtfulnesses from her favorite Solvent's family. It was deeply appreciated.
